

2008 AARP Voters' Guide

State Assembly District No. 89

How to use the AARP Voters' Guide:
Here's how this Voters' Guide works. AARP asked key questions about issues important to our members and their families of each major candidate for this race. Each candidate was allowed up to 125 words to answer each question. AARP did not edit or modify those answers. The candidates were asked to check the support or oppose circles. The candidates may have chosen not to check a circle.

AARP has provided a summary of our position for each of the issues.

- Pass this guide on to friends and family.
- Share your views with the candidates.
- Ask for clarification from any candidate whose answer seems unclear.

Be sure to vote on November 4.

Legislative Priority

Question:

What will be your top state priorities if elected, and how will you work to break the gridlock to get things done on these issues?

AARP POSITION

AARP believes that providing quality, affordable health care and improving lifelong financial security should be top legislative priorities. AARP surveys show that Wisconsinites are worried about their health and long-term financial security. They fear the future will not be as prosperous for their children and grandchildren. They face competing demands: affording health care, saving for retirement, sending children to college and supporting aging parents.

Increasingly partisan political gridlock stands in the way of the ability to solve major issues. Wisconsinites want results from elected leaders, not promises without action. It's time for individuals, businesses, non-profit organizations, and government to come together to find solutions.

CANDIDATE:
RANDY KOEHN
DEMOCRAT

In talking to the voters of this District, it is clear that providing quality, affordable health care is their top priority, and will be mine as well. I will work to pass Healthy Wisconsin, or a similar plan that provides access to health care to everyone. As a teacher, I work with students and parents from all backgrounds, and will take the same approach as a legislator.

We are also in need of substantial election reform, to remove the influence of lobbyists and special interests, and I would advocate for public financing of all state-level elections.

Health Care Reform

Question:

How would you reform the health care system to make it a quality system that is affordable and accessible for every Wisconsinite?

AARP POSITION

AARP believes that all Wisconsinites deserve affordable, quality, and accessible health care. An individual's health care costs, including premiums, deductibles and out-of-pocket costs should be limited to between 5% and 10% of income. In an AARP Wisconsin survey, 69% of respondents age 50 -64 said the healthcare system is in a "state of crisis" or has "major problems." Those who have insurance and those who are uninsured respond similarly to this question. Over half of all respondents said they would be more likely to vote for a candidate who supported healthcare coverage for all Wisconsin residents.

Three quarters of Wisconsinites age 50-64 without health insurance, are working. Half of Wisconsin's uninsured workers are self-employed or work for small employers. Many Wisconsinites are underinsured, paying too much for inadequate coverage.

CANDIDATE:
RANDY KOEHN
DEMOCRAT

As mentioned in my response to question #1, I believe we need to provide high-quality, affordable health care to every citizen of our state, whether it be through single-payer plan, Healthy Wisconsin, or another alternative the guarantees health care to all.

CANDIDATE:
JOHN NYGREN
REPUBLICAN

Health Care Cost

Question:

How do you propose to rein in the cost of health care while maintaining or improving the quality of and access to health care?

AARP POSITION

Across Wisconsin, individuals and employers are telling us that they can't afford health care; cost sharing is increasing and benefits are shrinking.

According to the Kaiser Family Foundation, health insurance premium costs nationwide have increased a cumulative 78% between 2001 and 2007. In an AARP Wisconsin survey, over eight in ten respondents said that making healthcare more affordable for all residents is extremely or very important.

AARP supports benefit packages that provide necessary care including chronic disease management, prescription drug coverage, prevention and wellness, mental health services. AARP also supports stronger oversight of the insurance industry.

AARP believes information technology, such as electronic medical records, would result in better, more efficient care, fewer mistakes and, ultimately, lower costs.

CANDIDATE:
RANDY KOEHN
DEMOCRAT

I believe health care costs and quality and access of services will be properly managed through Healthy Wisconsin and the citizen board it creates.

CANDIDATE:
JOHN NYGREN
REPUBLICAN

Senior Care

Question:

Do you support or oppose the continuation of SeniorCare at current benefit levels? How would you ensure the SeniorCare program continues beyond December 2009?

AARP POSITION

AARP Wisconsin and others are working on a plan to improve SeniorCare and provide an even more meaningful benefit to most participants of the program. The plan will be cost neutral to the state and will need legislative approval. According to a recent AARP Rx Watchdog Report, the cost of prescription drugs rose by more than 50%, on average, between 2002 and 2007. In Wisconsin about 100,000 Wisconsinites age 65 and older get help with the cost of their prescription drugs through SeniorCare. However, SeniorCare's future is uncertain because federal funding for the popular program will end in December 2009.

CANDIDATE: RANDY KOEHN DEMOCRAT

While my opponent voted against the continuation of SeniorCare, I fully support this plan to provide health care to senior citizens.

I have a strong working relationship with Rep. Kagen and Sen. Feingold and Kohl and would continue urging them to supply the needed funding for our plan as well as working towards a time when all citizens, regardless of age, are covered under a plan comparable to SeniorCare.
