Mr. Nazarians,  

On behalf of the City of La Cañada Flintridge, California, I am pleased to offer this letter of our ongoing commitment to creating an age-friendly environment. Over the past few years the City has taken initiative to identify the needs of the community particularly the aging population. We are excited to join AARP’s Age-Friendly Communities network to further enhance those efforts.

As the City continues its effort on becoming more age-friendly community, the AARP’s Eight Domains of Livability and its resources will help make various aspect of the community age-friendly to all. As participant in the AARP Age-Friendly Community it is the intent of the City of La Cañada Flintridge to:

- Pursue the active engagement of older adults in the planning process through outreach to local non-profit organizations which provide vital services to the aging population.
- Pursue outreach through churches, civic organizations, AARP, non-profit organization, and City’s local newsletter.
- Establish a plan of action that responds to the needs identified by older people.
- Develop a means to measure our activities, reviewing action plan outcomes and plans to determine we are meeting our goals.
- Keep the public, especially the aging population, informed throughout the process.

Thank you for your time and interest in our efforts to create a better quality of life for all ages in our community.
