Ms. Kay Sibetta
Associate State Director, Community Outreach
999 Peachtree Street, NE
Suite 100
Atlanta, GA 30309

Greetings,

It is with strong enthusiasm that I submit this letter of support for our interest in pursuing the opportunity to join AARP Georgia and the World Health Organization with Union City becoming an Age-Friendly Community.

Union City is committed to becoming a livable community to promote health and sustainable growth and contribute to the well-being of our seniors. There is great value in utilizing the AARP’s Eight Domains of Livability in establishing a more age-friendly community: making outdoor spaces and buildings more senior friendly, increasing the accessibility and affordability of transportation and housing. Access to communication and information, supporting the ability of mature adults to age in place through community support and health services.

As a participant in the AARP and the World Health Organization (WHO) Age Friendly Community it is the intent of the City of Union City to:

- Establish sustainable programming
- Keep the community engaged
- Provide affordable senior housing
- Walking Trails and ADA sidewalks
- Pursue outreach through faith based organizations, AARP, South Fulton Senior Services, Christian City and host events designed for seniors.

On behalf of our sensational seniors we look forward to working with AARP to make our city a place where you can live, work, play and stay where we can all age with pride, dignity and grace.

Best regards,

Vince Williams
