Dear Ms. Margesson:

On behalf of the Town of Gray, I am pleased to submit this letter of interest and commitment in AARP/World Health Organization Network of Age-Friendly Communities. Gray recognizes the importance of encouraging and promoting age-friendly planning and policies to address changing demographics and to enhance independent living and is committed to a process of continual improvement to support active and healthy aging.

The community’s effort is supported by an ad-hoc committee, Gray Lifelong Living Committee. The committee has conducted a base assessment of the communities age-friendliness and will develop an action plan based on the findings of the assessment. Older residents will be deeply involved in the planning process, and we commit to monitoring progress toward implementing the action plan.

Sincerely,

Nate Rudy, Gray Town Manager
