Re: City of Reno AARP/WHO Age-Friendly/Livable Community Application

Dear Director Dent:

It is my pleasure to write a letter of support for the City of Reno's AARP/WHO Age-Friendly/Livable Community Application. As you know, Washoe County has approximately 88,000 residents above the age of 60, which is just over 21% of our total population in the region. Currently, our Chair of the Reno Senior Citizen Advisory Committee, Donna Clontz, is submitting an application for our 9-member committee which is appointed by the City of Reno City Council. The City of Reno City Council, and our committee, have been fully committed to following through with this application and I truly support their efforts for the City of Reno and for our region. Therefore, I am writing to fully support the efforts of the Senior Citizen Advisory Committee as they seek external funding to assist with one of the fastest growing states for seniors and in one of the fastest aging communities in the nation.

Kindest regards,

A handwritten signature in cursive script that reads "Hillary Schieve".
