2022 AARP Community Challenge

A grant program to make communities more livable for people of all ages with tangible improvements that jump-start long-term change

AARP invites you to submit applications for quick-action projects that can help your community become more livable for all (especially those age 50 and over), by improving public places; transportation; housing; civic engagement; diversity, equity, and inclusion; federal funding implementation; and more.

Applications must be submitted through www.aarp.org/communitychallenge and are due by March 22, 2022, 5:00 p.m. ET. All projects must be completed by November 30, 2022.

AARP AND LIVABLE COMMUNITIES

AARP’s work on livable communities supports the efforts of neighborhoods, towns, cities and counties nationwide to become more livable for all. We believe that communities should provide safe, walkable streets; affordable and accessible housing and transportation options; access to needed services; and opportunities for residents (especially those age 50 and older) to participate in civic and community life.

AARP has offices in every state, the District of Columbia, Puerto Rico and the U.S. Virgin Islands and is working with local leaders in roughly 600 communities who are part of the AARP Network of Age-Friendly States and Communities. Our vision is for a future in which communities—urban, suburban and rural—are great for people of all ages.

AARP COMMUNITY CHALLENGE

It takes time to build great communities, but quick actions and tangible improvements can help spark longer-term progress. To support this, in 2017 AARP launched the AARP Community Challenge to fund projects that build momentum for change.

Since then, the AARP Community Challenge has awarded over 800 grants that have demonstrated the ability to:

- Leverage additional funds and support from public, private and philanthropic funders;
- Advance change and overcome policy barriers; and
- Lead to new relationships, and greater awareness and engagement with the effort.

ADDITIONAL OPPORTUNITIES

An Opportunity for Other Possible AARP Funding:

By submitting a proposal for the AARP Community Challenge initiative, you and your organization give AARP permission to reach out to you and others at your organization about other possible AARP funding opportunities that your proposal may be eligible for based on the AARP Community Challenge criteria. However, please note that AARP is not obligated in any way to consider your proposal for any additional AARP funding.

Note Regarding Other Potential Funders:

AARP might be contacted by other potential funders that could be interested in funding projects that were not funded through the AARP Community Challenge. The potential funders may have additional process steps and funding requirements than those of the AARP Community Challenge. If requested, AARP would like to send your contact information, organization name and a short description of the proposal, including the community where the project would take place (“Project Information”). Please note that these projects will be subject to any potential funder’s own terms, conditions and review. Please indicate in your application whether or not you give permission to AARP to share your Project Information with other potential funders. We will alert you before this Project Information is given to potential funders.
