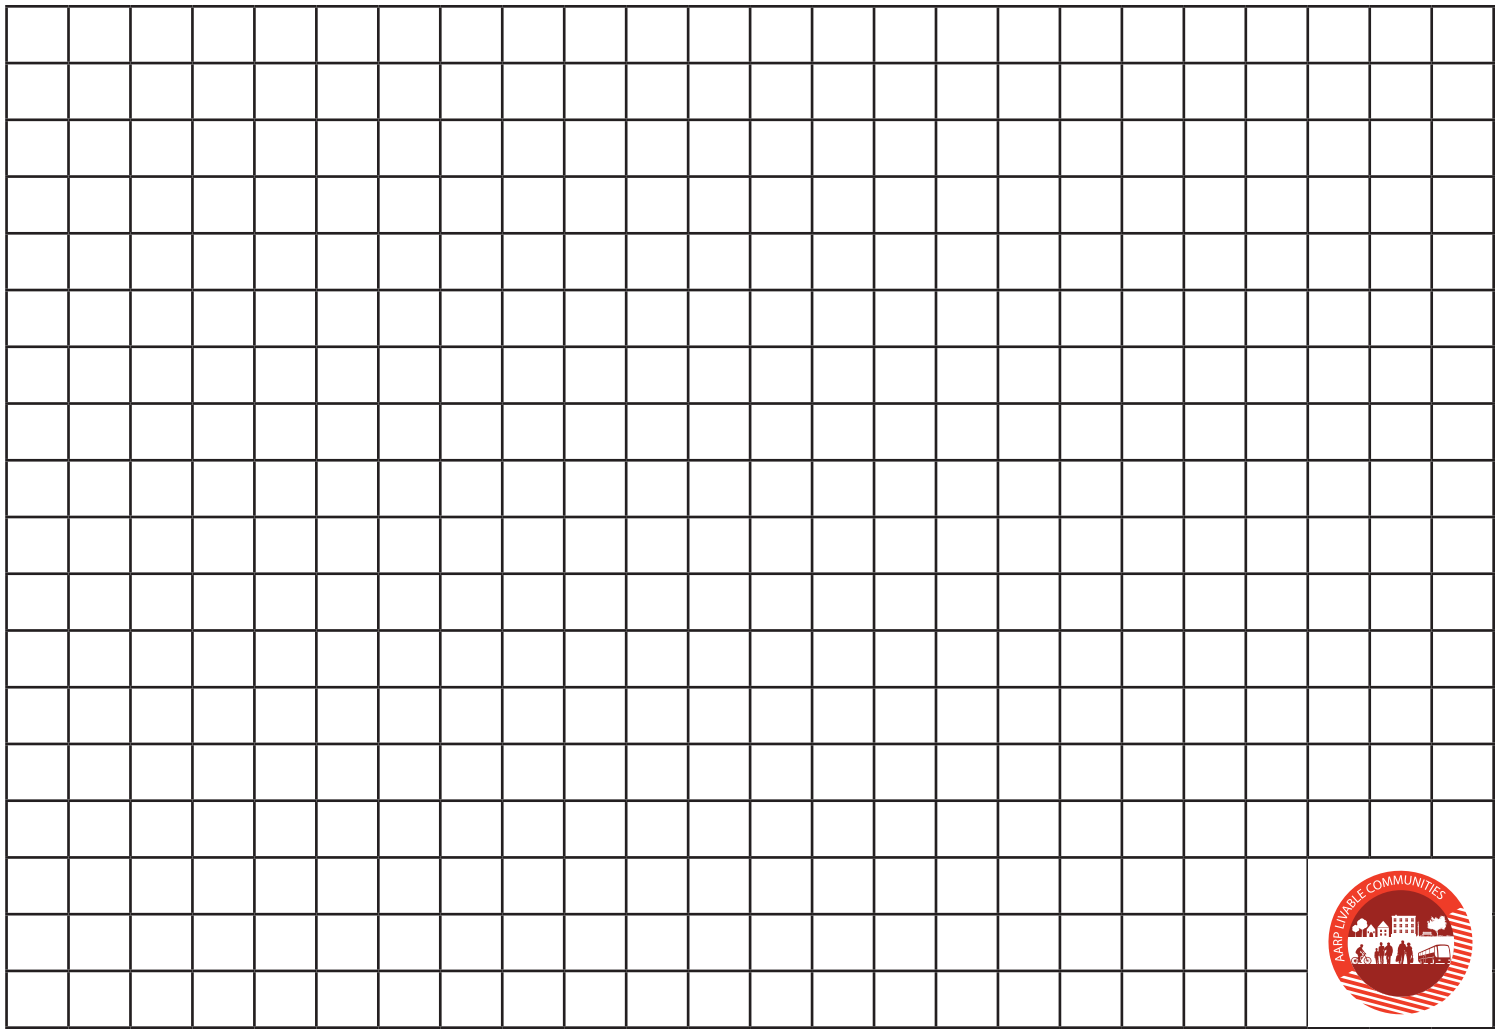
Make a Road Map WORKSHEET

- **Draw a simple map of the Walk Audit area in the space below. Label the streets.**
- **Take photographs and/or video of the area so others can see the challenges and strengths of the audit area.**
- **Match and mark the photograph and/or video location(s) to the map.**
- **Indicate any other problem spots or areas of opportunity (i.e. a bus stop with no seating or shelter).**



AARP.org/WalkAudit

Seeking Solutions

- Share the audit finding and documentation with neighbors, civic associations, schools and/or walk-bike advocacy groups that can raise awareness and support for improvements.
- Share the materials with local leaders and civic organizations — by email, online submission form, mail or telephone — who can solve or help address the identified problems.

POSSIBLE COMMUNITY CONTACTS

Public roadways: Department of transportation (or streets or public works), local elected officials, community advocates
Private roadways: Homeowners' association, management company or property owner

AARP IS WORKING TO MAKE COMMUNITIES MORE LIVABLE FOR PEOPLE OF ALL AGES

- **Connect!** Contact your state office (*AARP.org/States*) to get involved, attend events, or even share your audit results.
- **Stay informed!** Text LIVABLE to 50757 and sign up for the free, weekly AARP Livable Communities e-Newsletter.
