# What The Economy Means To Nevada Voters 50+

Key findings from survey conducted July 2012 for

# Methodology

- ◆ Statewide telephone survey conducted in Nevada July 10 to 16, 2012, among registered voters age 50 and over

Total sample sizes:

- 408 voters age 50 and over (MOE = 4.9 percentage points), including
  - 122 “Boomers” – non-retired voters age 50 to 64 (MOE = 8.9 percentage points)
  - 264 age 50+ Retired voters (MOE = 6.0 percentage points)

# Overview

- ◆ Non-retired Boomers in Nevada feel great economic anxiety across party lines. This is reflected in a new “Anxiety Index” that measures their worries on such issues as prices rising faster than incomes, health expenses, and retirement security. They also feel that political gridlock negatively affects their economic circumstances.
- ◆ A major driver of economic anxiety is concern over retirement security: 67% believe they will have to delay retirement, 53% worry they won't have a comfortable retirement, and 46% don't think they'll ever be able to retire. This insecurity leads Boomers to conclude that Medicare and Social Security have become even more important for their future.

## Overview (continued)

- ◆ This anxiety underscores the importance of strengthening Medicare and Social Security for current and future generations. Voters 50+ believe the next president and Congress will need to act to strengthen Medicare and Social Security for the future, and that both parties will have to come together to find a solution.
- ◆ 50+ voters in Nevada want to know where the candidates stand on Medicare, Social Security, and other vital issues. But they report that the candidates have done a poor job explaining their plans on priority issues, including strengthening Social Security (74%), strengthening Medicare (66%), reducing the budget deficit (72%), and taxes (62%).
