Impacts of High Rx Prices to Kansas Residents

231,723 Kansas residents diagnosed with cancer.¹

189,684 Kansas residents have diabetes.¹

193,016 Kansas residents have asthma & or COPD.¹*

Between 2015 and 2020, the price of these name brand drugs increased:

- Revlimid treats forms of cancer
  - from $185,574/yr to $267,583/yr²

- Victoza treats diabetes
  - from $7,936/yr to $11,300/yr²

- Spiriva Handihaler treats asthma/COPD
  - from $3,886/yr to $5,289/yr²

It is outrageous for Americans to pay more than 3 times what people in other countries pay for the same medicines.

Congress: Stop unfair drug prices.
