Impacts of High Rx Prices to New Mexico Residents

168,633 New Mexico residents diagnosed with cancer.

154,070 New Mexico residents have diabetes.

135,527 New Mexico residents have asthma & or COPD.

Between 2015 and 2020, the price of these name brand drugs increased:

- **Revlimid** treats forms of cancer:
  - from $185,574/yr to $267,583/yr²

- **Victoza** treats diabetes:
  - from $7,936/yr to $11,300/yr²

- **Spiriva Handihaler** treats asthma/COPD:
  - from $3,886/yr to $5,289/yr²

It is outrageous for Americans to pay more than 3 times what people in other countries pay for the same medicines.

Congress: Stop unfair drug prices.
