## ISSUES THAT MATTER TO NYC VOTERS AGE 50+

AARP surveyed NYC voters age 50+ to ask about issues important to them. This infographic is one in a series highlighting survey findings related to a specific issue.

*A "caregiver" is someone who provides unpaid care for an adult relative, friend or spouse who is ill, frail, elderly or has a disability.*

# CAREGIVING

*Caregiving may include assisting with medical management, healthcare tasks, self care, personal needs, chores, transportation, financial management or a variety of other tasks.*

Nearly two in five New York City voters age 50+ have been a caregiver to an adult family member, friend or spouse in the past 5 years.
