

Lessons Learned Health Study – Latino Sample: Annotated Questionnaire

**STUDY
POPULATION:** Latino adults 40 or older

FIELD DATES: October 3 thru 12, 2022

**DATA
COLLECTION
VENDOR:** ANR Market Research Consultants

**TOTAL SAMPLE
SIZE:** 400

MOE: $\pm 4.9\%$ pct pts for total population

NOTES:

- Non-probability based sample (weighted to represent the 40+ population)
- Percentages may not add to 100%
- Conducted in English or Spanish upon request
- Total sample n = 1,546 (includes African American/Black and Hispanic/Latino oversamples)

A. Would you like to continue the survey in English, or would you prefer to continue in Spanish?

%	n=400
88	English
12	Spanish

Screener

D1. How old are you? (TERMINATE IF UNDER 40 or REFUSED) (Programmer – create separate variable called age_coded: 40-49, 50-59, 60-64, 65-74, 75+)

%	n=400
39	40-49
26	50-59
14	60-64
13	65-74
8	75+

B. What is your 5-digit zip code? _____

Overall health/wellness

1. How would you rate your: [Randomized A-C with random reverse answer selection]

<i>n=400</i>	Excellent %	Very good %	Good %	Fair %	Poor %	Skip %
A. Physical health	11	24	36	20	8	2
B. Emotional well-being	21	24	30	17	6	2
C. Mental well-being	23	24	29	18	4	2

4. Compared to before the start of the COVID-19 pandemic (March 2020), would you say your health has improved, declined, or stayed the same?: [Random reverse answer selection]

%	n=400
18	Improved
55	Stayed the same
27	Declined
<1	Skip

5. Compared to before the start of the COVID-19 pandemic (March 2020), would you say your health is a higher priority now, a lower priority now, or about the same level of priority?
[Random reverse answer selection]

%	n=400
49	Higher priority
47	Same priority
4	Lower priority
1	Skip

COVID Experiences/Attitudes

6. When was the last time you did any of the following actions because of the coronavirus (COVID-19 virus) outbreak? [Randomize A-I]

A. Stayed away from people other than immediate family members

%	n=400
13	In the past week
11	In the past month
12	Within the past 2 to 6 months
13	Between 6 months to a year ago
16	Between a year and two years ago
13	Two years ago or more
12	I never did this because of the coronavirus outbreak
8	Not applicable to me
2	Skip

B. Self-isolated/quarantined

%	n=400
6	In the past week
8	In the past month
10	Within the past 2 to 6 months
12	Between 6 months to a year ago
18	Between a year and two years ago
11	Two years ago or more
16	I never did this because of the coronavirus outbreak
16	Not applicable to me
3	Skip

C. Wore a mask in public

%	n=400
36	In the past week
15	In the past month
15	Within the past 2 to 6 months
12	Between 6 months to a year ago
11	Between a year and two years ago
7	Two years ago or more
3	I never did this because of the coronavirus outbreak
1	Not applicable to me
1	Skip

D. Stayed at least 6-feet from people other than immediate family members

%	n=400
25	In the past week
13	In the past month
14	Within the past 2 to 6 months
11	Between 6 months to a year ago
16	Between a year and two years ago
10	Two years ago or more
7	I never did this because of the coronavirus outbreak
2	Not applicable to me
3	Skip

E. Went to grocery/food store at odd hours to avoid crowds

%	n=400
21	In the past week
11	In the past month
7	Within the past 2 to 6 months
8	Between 6 months to a year ago
12	Between a year and two years ago
9	Two years ago or more
19	I never did this because of the coronavirus outbreak
11	Not applicable to me
2	Skip

F. Refused or canceled plans to attend small gatherings such as dinner parties

%	n=400
6	In the past week
9	In the past month
11	Within the past 2 to 6 months
12	Between 6 months to a year ago
19	Between a year and two years ago
7	Two years ago or more
21	I never did this because of the coronavirus outbreak
15	Not applicable to me
2	Skip

G. Used video chat applications (i.e., Facetime, WhatsApp, Messenger, etc.) instead of visiting with family/friends

%	n=400
26	In the past week
12	In the past month
9	Within the past 2 to 6 months
9	Between 6 months to a year ago
9	Between a year and two years ago
5	Two years ago or more
10	I never did this because of the coronavirus outbreak
17	Not applicable to me
4	Skip

H. Began/continued teleworking/working from home

%	n=400
6	In the past week
2	In the past month
5	Within the past 2 to 6 months
4	Between 6 months to a year ago
9	Between a year and two years ago
6	Two years ago or more
21	I never did this because of the coronavirus outbreak
44	Not applicable to me
2	Skip

I. Used pick-up or delivery grocery services

%	n=400
16	In the past week
11	In the past month
10	Within the past 2 to 6 months
5	Between 6 months to a year ago
8	Between a year and two years ago
5	Two years ago or more
20	I never did this because of the coronavirus outbreak
23	Not applicable to me
2	Skip

7. How many doses of the COVID vaccine have you gotten, if any?

%	n=400
2	1 dose, but not the complete series
21	1 or 2 doses to complete the initial series
29	1 or 2 doses to complete the initial series + 1 booster
15	1 or 2 doses to complete the initial series + 2 boosters
11	1 or 2 doses to complete the initial series + 3 boosters
22	I have not gotten any COVID vaccines
<1	Skip

8. [If Q7 NE 5] How likely are you to get [if never gotten: “a”] [If have gotten at least one dose: “another”] dose of the COVID vaccine this fall? [Random reverse answer selection]

%	n=354
32	Very likely
24	Somewhat likely
16	Not too likely
27	Not at all likely
<1	Skip

9. Have you ever had COVID? [Please select best answer]

%	n=400
13	Yes, once in the past 6 months
13	Yes, once between 6 months and a year ago
16	Yes, once over a year ago
5	Yes, more than once
50	No
4	Maybe
0	Skip

10. [Show if Q9 NE 5 or 6] How did you know you had COVID? (Programmer: Create a separate variable in selected/not selected format for each item) [If Q9=4, select all that apply; if Q9=1, 2, 3, allow choice 3 to be selected with choice 4, but not if either 1 or 2 are selected]

%	n=186
63	PCR test/healthcare provider test
33	Home test
11	Symptoms, but no test
8	Person in household had a positive test
0	Skip

11. How worried, if at all, are you about getting COVID-19? [Random reverse answer selection]

%	n=400
17	Very worried
35	Somewhat worried
27	Not too worried
21	Not at all worried
0	Skip

- 11a. [Show if Q11 = 1,2] What are some reasons why you say you are worried about getting COVID-19? (open end)

12. [Show if Q11=3,4] What are some reasons why you say you are not worried about getting COVID-19? *Select all that apply* (Programmer: Create a separate variable in selected/not selected format for each item; do not allow options 6 and 8 to be selected together)

%	n=193
45	Because I am careful (wash hands, wear a mask, etc.)
35	I trust God/a higher power will protect me
30	I got vaccinated and got all my boosters
26	I don't have any underlying diseases like diabetes or hypertension
24	I don't go around crowds/people
22	It's pretty much over now
20	I already had COVID and it wasn't that bad
18	I get a flu shot every year
10	It is not that serious
7	I already had COVID-19, so I won't get it again
6	I got vaccinated once
4	It only affects very old people
2	Other, please specify
0	Skip

12a. Have you heard of something called “Long COVID?” (Select best answer)

%	n=400
47	Yes, I have heard of it.
3	Yes, I have it or had it.
50	No
<1	Skip

12b. [If Q12a = 1] How concerned are you about “Long COVID?” [Random reverse answer selection]

%	n=187
23	Very concerned
44	Somewhat concerned
33	Not concerned
1	Skip

12c. [If Q12a = 2] How do you know you have/had long COVID? (open end)

13. Did anyone you know die from COVID-19?

%	n=400
53	Yes
47	No
<1	Skip

13. a. Please use the space below to provide any additional comments/thoughts about the coronavirus (COVID-19 virus) outbreak in general and/or your experiences during the height of the outbreak (positive or negative). (open end) [Include a check box for “No additional comments”]

%	n=228
100	No additional comments
0	Skip

General Vaccines/Concerns about viruses

14. How concerned are you about the following? [Randomized A-I with random reverse answer selection]

<i>n=400</i>	Not at all concerned %	Somewhat concerned %	Very concerned %	I am not familiar with this %	Skip %
A. Small pox	61	19	13	4	3
B. Shingles	44	30	19	4	3
C. Flu	37	39	20	2	3
D. Pneumonia	39	35	21	3	3
E. Tetanus	61	23	10	4	3
F. Hepatitis (A, B, or C)	52	29	13	3	3
G. Pertussis (Whooping cough)	56	22	12	8	3
H. Diphtheria	60	18	8	11	3
I. Monkeypox	40	29	25	4	2

15. Have you ever been vaccinated for any of the following? [Randomized A-I]

<i>n=400</i>	Yes, I have been vaccinated for this within the past year %	Yes, I have been vaccinated for this over a year ago %	No %	Don't know/ can't remember %	Skip %
A. Small pox	9	32	31	27	2
B. Shingles	13	19	57	9	2
C. Flu	37	27	32	4	1
D. Pneumonia	13	21	50	13	3
E. Tetanus	18	46	22	12	2
F. Hepatitis (A or B)	12	25	39	22	2
G. Pertussis (Whooping cough)	9	24	41	25	2
H. Diphtheria	6	23	40	28	3
I. Monkeypox	3	8	82	5	2

16. If recommended by your healthcare provider, how likely would you get a vaccination for:
[Display all have not been vaccinated for in the past; Randomize A-J with random reverse answer selections]

	Very likely %	Somewhat likely %	Not too likely %	Not at all likely %	Skip %
A. Small pox (n=123)	30	19	21	29	1
B. Shingles (n=228)	38	24	18	20	<1
C. Flu (n=129)	16	22	25	36	1
D. Pneumonia (n=199)	28	27	19	25	<1
E. Tetanus (n=87)	34	26	14	26	0
F. Hepatitis (A or B) (n=158)	34	20	24	21	1
G. Pertussis (Whooping cough) (n=163)	30	16	25	27	2
H. Diphtheria (n=160)	26	25	21	26	2
I. Monkeypox (n=328)	34	20	20	24	1
J. [If Q7=6] COVID-19 (n=90)	8	2	28	62	1

17. [Skip if Q16 = very or somewhat likely] What are some reasons why you are not likely to get a vaccination for [insert] if recommended by your healthcare provider? [Randomly insert up to 2 items from Q16, answered not too or not at all likely, prioritizing Q16c, Q16d, Q16b, Q16j – in this order] *Select all that apply.* (Programmer: Create a separate variable in selected/not selected format for each item)

A. Small pox (n=28); insufficient base

B. Shingles

%	n=49
32	I am very healthy
26	Sometimes you can get sick from the vaccine
21	I don't need it
19	I believe God/a higher power will keep me safe
16	I don't really trust the information out there about vaccines
16	I never get sick
15	I don't think I'll catch the diseases/virus
15	I don't trust drug companies
14	I have had or heard of people having bad experiences with vaccines
12	I don't think vaccines are safe
10	I don't believe vaccines work
