Giving Back

Three-fifths (60%) of AARP Members say they or their spouse/partner donated in the past two years, while 40% have personally volunteered their time in the past year.

AARP volunteer opportunities:

- 23% in-person
- 20% online

Two-in-five AARP Members claim they are interested in participating in AARP volunteer opportunities that meet community needs over the next 2 years, with equally strong interest in in-person and online offerings.

Differences Among Subgroups

- Members 50–59 are more likely to express interest in future in-person (38%) AARP volunteer opportunities.
- African American/Black Members are most apt to have participated in AARP Volunteer opportunities in the past 2 years (10%) and most likely to foresee AARP volunteering in person (34%) or online (31%) over the next 2 years.
