

WEST VIRGINIANS OVERWHELMINGLY SUPPORT HELPING OLDER WEST VIRGINIANS REMAIN AT HOME LONGER

At least three in four registered voters 40-plus in West Virginia believe home- and community-based services that enable older West Virginians to live independently are extremely or very important. This critical, lower-cost care that older West Virginians and their family caregivers, count on includes home delivered meals, aides, transportation, and more.

Source: 2018 Survey of 800 West Virginia Registered Voters Aged 40-plus. Margin of sampling error is ±3.46%
