

# North Carolinians Overwhelmingly Support Helping Older North Carolinians Remain at Home Longer

Over 90% of registered voters 40-plus in North Carolina believe home and community-based services that enable North Carolinians to live independently are extremely or very important. This critical, lower-cost care that older North Carolinians and their family caregivers count on includes home-delivered meals, aides, transportation, and more.

North Carolina voters believe it is important to have the following services available to help older adults live independently, and support their family caregivers.

**87%**

End of life or hospice services

**89%**

Well-trained certified home health care providers

**83%**

Visiting nurse services, such as an RN who comes to your home after a hospitalization

**88%**

Special transportation services such as one for seniors or persons with disabilities

**86%**

An easy way for caregivers to find information and resources

**76%**

Relief for caregiving families to help seniors and their caregivers

**74%**

Chore or homemaker services where someone comes in to do light housekeeping or cleaning

**74%**

Home delivered meals

**74%**

Senior community centers

**71%**

Congregate meals such as senior lunch programs
