

| METHODOLOGY REPORT                           |  |
|--|--|
| Survey sponsor                               | AARP   |
| Survey/Data collection supplier              | The Harris Poll (Harris Insights & Analytics)  |
| Population represented                       | U.S. registered voters age 50+   |
| Sample size                                  | 3,500 Quotas were set by race and Hispanic ethnicity. (n=388 Hispanic Women)   |
| Mode of data collection                      | Online panel   |
| Type of sample (probability/non-probability) | Non-Probability  |
| Start and end dates of data collection       | March 13, 2020 – March 23,2020   |
| Margin of sampling error for total sample    | Not applicable   |
| Margin of sampling error for key subgroups   | Not applicable   |
| Weighting                                    | The data are weighted to the U.S. population age 50+ by education, gender by age, race, Hispanic ethnicity, marital status, census division, household income, household size, and employment status to population benchmarks from the March 2019 Current Population Survey (CPS). Propensity score weighting was also used to adjust for respondents' propensity to be online. Raked weights are estimated using Random Iterative Method (RIM) weighting. |

**Q11** “According to US Census projections, the average lifespan in America will grow in the coming decades, with many of us living to 90 and beyond.” Given the potential of so many Americans living two or more decades past their retirement, how much do you agree or disagree with the following statements:

[COLUMN]

1. Strongly disagree
2. Somewhat disagree
3. Somewhat agree
4. Strongly agree
5. Don't know / Unsure

[ROW, RANDOMIZE]

| n=388  | Strongly Agree % | Somewhat Agree % | Somewhat Disagree % | Strongly Disagree % | Don't Know/Not Sure % |
|--|------------------|------------------|---------------------|---------------------|-----------------------|
| 1. Working Americans should be saving more to fund their post-retirement years                         | 65               | 24               | 6                   | 1                   | 4                     |
| 2. Social Security will need to be strengthened to be sustainable for ourselves and future generations | 76               | 16               | 2                   | 2                   | 4                     |
| 3. Medicare will need to be strengthened to be sustainable for ourselves and future generations        | 72               | 20               | 1                   | 2                   | 5                     |
| 4. Medicaid will need to be strengthened to make sure those without resources can still get healthcare | 69               | 19               | 3                   | 4                   | 5                     |
| 5. The US healthcare system is prepared to care for an aging population                                | 24               | 23               | 25                  | 22                  | 6                     |
| 6. The medical profession needs to become more open to the end-of-life wishes of their patients        | 55               | 28               | 5                   | 4                   | 9                     |
| 7. An aging population will require addressing the future of Social Security, Medicare and Medicaid    | 77               | 13               | 2                   | 3                   | 5                     |
| 8. Americans cannot look to the government alone for the resources needed to support a longer life     | 43               | 39               | 6                   | 6                   | 5                     |
| 9. Living longer will often mean working longer  | 45               | 36               | 9                   | 3                   | 8                     |
| 10. The housing industry needs to provide better, more affordable options for older Americans          | 70               | 20               | 2                   | 4                   | 4                     |
| 11. Families bear the responsibility of being caregivers including                                     | 45               | 36               | 4                   | 7                   | 8                     |

|  |    |    |   |   |   |
|--|----|----|---|---|---|
| providing financial support for parents or grandparents as they enter their later years                    |    |    |   |   |   |
| 12. Better in-home healthcare support would make it easier to address the needs of an aging population     | 63 | 28 | 3 | 4 | 3 |
| 13. Better residential caregiving options would make it easier to address the needs of an aging population | 61 | 29 | 4 | 2 | 4 |
| 14. Families will need greater government help to support their parents and grandparents                   | 49 | 33 | 6 | 6 | 5 |
